

ABOUT ME

My name is Maruša Glavan. I'm twelve years old and I live in Slovenia. We live in a house. I've got one sister. I go to primary school and I'm in class 7.a. My favourite subjects are History, Art, English and P.E.

I go to school by car. We leave home at quarter past seven. School starts at half past eight. Our first lesson starts at half past eight. School finishes at one o'clock. After school I go home and I do my homework before lunch.

In the evening I watch TV. I practise the diatonic accordion. On Wednesdays I go home at half past three. After that I have the accordion lesson.
